

Smart Ballot Box

```
graph TD; Input[From paper ballot] --> Scanner[Scanner]; Scanner --> PaperFeeder[Paper Feeder];
```

The diagram illustrates the data flow of a Smart Ballot Box system. At the top, a dashed-line box contains the title "Smart Ballot Box". Below this, on the left, a horizontal line with a small gap is labeled "From paper ballot". A double-lined arrow points from this label to a blue rounded rectangle labeled "Scanner". To the right of the "Scanner" is another blue rounded rectangle labeled "Paper Feeder". A double-lined arrow points from the "Scanner" to the "Paper Feeder".
